

REFLECT

What has Jesus been showing me about this New Year 2018?

How is Jesus asking me to be more like Him, is there some fine tuning or major renovations he would like to do in me this New Year?

Is there something specifically that Jesus is asking me to do for Him as I run this race in 2018? This could be major or minor.

Are there any practical steps I need to take to make the above happen? What might I need to implement, make space for, maybe contact somebody, or take a giant leap of faith on?
